

## Comments and issues for discussions with ArcCIS online with users / organizations as discussed in the workshop

Training course TV 4.6, October 2015 at RuWatSIP,

Organisation	Name	ArcGIS Account	Maps	Issues & Comments
MRRD	Ammanuddin	AFG_Faryab	Geological map of Faryab (from previous training course)	<ul style="list-style-type: none"> <li>• Internet too slow in MRRD MIS section to use ArcGIS online properly.</li> <li>• There is a lack of data. Landuse data requested from Faryab, but not received.</li> <li>• Problems accessing data from MRRD.</li> <li>• Has access to NSP data (35,000 data points).</li> <li>• <b>We will use NSP data as a group exercise to demonstrate point maps in ArcGIS Online.</b></li> </ul>
DACAAR	Youssaf Khan	Dacaar_Projects	Faryab water points functionality map	<ul style="list-style-type: none"> <li>• Other districts not uploaded as final data set not yet QC.</li> <li>• Will do the other districts in coming months.</li> <li>• Many other maps are possible, but not yet planned.</li> </ul>
MRRD / ESD (Engineering Service Department)	Sayed Noorullah Noor Ahmed Yousuf Khan	No official account. Use individual private accounts.  New account created today: MRRD ESD	Command area of Parwan Province, showing one & two crops per year. Have uploaded GPS points & don't know how to make a map like in Arc GIS desktop.	<ul style="list-style-type: none"> <li>• How to make a polygon map Online.</li> <li>• How to draw a canal line in ArcGIS Online.</li> <li>• How to link to Satellite Images in ArcGIS Online.</li> <li>• How to get names of villages in ArcGIS Online.</li> <li>• How to access elevation (SRTM) data.</li> <li>• <b>We will use one of their irrigated areas as an example group exercise to demonstrate how to make maps using polyline &amp; polygons in ArcGIS Online.</b></li> </ul>

MAIL (CDIS) Capacity development & Institutional Development.	Abdullah Sharafi	CDIS_FAO	<p>Irrigation maps produced for Kabul province. All irrigation schemes have been digitized from Satellite images.</p> <p>River basin map of Afghanistan, and sub basins showing pour points. Basin Maps for separate river basins.</p> <p>Irrigation schemes for 4 Districts showing tube wells &amp; farms.</p>	<ul style="list-style-type: none"> <li>CDIS purchased ArcGIS Online account &amp; added to desktop license. UNFAO-CDIS.maps.arcgis.com/home/content <a href="http://www.facebook.com/sharifiabdullah">www.facebook.com/sharifiabdullah</a> (earthquake map)</li> <li>How to organise a project, so the link is clear?</li> <li>How to write notes to a map? (Web App)</li> <li>Plan to make irrigation database with 30,000 schemes.</li> </ul>
MRRD Hydros	Jamal		Daikundi Geological Map by Eng. Poya	<ul style="list-style-type: none"> <li>Very clear and well-presented geological map.</li> </ul>
